WHEELED AND READY TO GO

St. Alexander students Christian Harford, Anastasia Groch, David Coyne and Joshua Oussoren were suited up and ready to try the freshly donated (and already in use) four new bikes and helmets – and training wheels for those who need them. The bikes and safety equipment were purchased from a \$2,000 donation by the Rotary Club of Welland to the Niagara Region Children’s Safety Village. In the back row, from left, are Rotary past president and chair of the donations committee Roman A. Groch, Safety Village CEO Frank Adamson, Rotary donations committee member Fred Farnham and president Verne Shaull helping the students get underway on the bikes, brought at Thornton’s Cycle and Sports.
